A DREAM-WORLD

En drømmeverden

Luk øjnene og drøm dig bort til et vidunderligt sted: Den uendelige vildmark med de store smukke rovdyr. Her lever isbjørnene side om side med verdens største havørn.

Et arkipelag af små klippeøer og dybe fjorde. Et sted, hvor du sejler i øde farvande på den blå havoverflade omgivet af stejle bjerge. Overalt, hvor du kommer frem, møder du gigantiske isbjerge. Store monumenter af is, der tavse driver rundt drevet af havstrømmene.

Det er et sted med frisk, ren luft og med smukt vejr, men også et sted, hvor voldsomme orkaner og storme raser. Et sted med dage, hvor dagslyset ikke kan trænge gennem den tykke havgus.

Din drømmeverden er et tyndt befolket område i menneshedens yderste rum, hvor alle kender alle, og hvor det er rart at være.

Det er mit Sydgrønland.

A dream-world

Close your eyes and imagine yourself in a wonderful place: The infinite wilderness with the great beautiful predators. At this place, the polar bears live alongside the world's largest sea eagle.

An archipelago of small rocky islands and deep fjords. A place, where you sail in deserted waters on the blue surface of the sea surrounded by steep mountains. Wherever you make your way, you will meet giant icebergs. Great monuments of ice, which silently drift around driven by the currents of the ocean.

It is a place with fresh, clean air and with beautiful weather, but also a place, where violent hurricanes and storms rage. A place with days when daylight cannot penetrate the thick sea fog.

Your dream-world is a sparsely populated area in the outer space of humanity, where everyone knows everyone and where it is nice to be.

This is my South Greenland.
