Julen med de femten mord

En kvinde bliver stranguleret. Offer findes knivdræbt i en sø. En ældre mand bliver skudt for åben skærm. Blodet farver hans hvide skjortebryst blodrødt.

Der er endog lavet en julespecial i en af serierne! I juleugen sender de to største danske Tv-kanaler krimier hver eneste dag. I familiens trygge rammer. Julekna på sofabordet og juletræet i al sin glans ved siden af fjernsynet. Mord efter mord. Hvis du ikke får nok, så er der også filmene. Masser af vulgære mord og vold.

Ikke alt sammen er fiktion. Tv-kanalerne er blevet opmærksom på, at virkelighedens mord fascinerer Tv-seere i hobetal. Drama-

tiserede gengivelser af mord og mordsager kører oftere og oftere over skærmen.

Kan du ikke få nok, så gå over på nyhedskanalen. Masser af krig og vold lige til aftenkaffen og småkagerne.

Jeg føler mig mæt. Og her tænker jeg ikke på juleanden og alt det gode tilbehør. Her tænker jeg på al den vold, som kastes ud i ansigtet på os fra fjernsynet.

Heldigvis kan jeg slukke for mit TV. Jeg sætter mig i stedet foran mit store stuevindue og kigger ud på fuglene og vinterlandskabet omkring mit hus. Og måske får jeg også tid til igen at betragte mine fotos af de hvide bjerge fra min tid i Grønland?

The Christmas with the fifteen murders

A woman becomes strangulated. A victim found stabbed to death in a lake. An elderly man is shot on-screen. The blood makes the chest of his white shirt blood-red.

There even is a Christmas special made in one of the series! During the Christmas week, the two largest Danish TV channels broadcast crime series every single day. In the safe of the family home. Christmas crunch on the coffee table and the Christmas tree in all its glory next to the TV. Murder after murder. If you do not get enough, you also can watch the movies. Lots of vulgar murders and violence.

Not all is fiction. The television channels have become aware that real-life murders fascinate lots of TV viewers. Dramatized

versions of murders and more than once murder cases are shown on-screen.

If you cannot get enough, head over to the news channel. Lots of war and violence just on time for the evening coffee and cookies.

I have had enough. And I am not talking about the Christmas duck and all the delicious accessories. I am thinking of all the violence that is thrown into our faces from television.

Fortunately, I can turn off my TV. Instead, I sit down in front of my large living room window and look out at the birds and the winter landscape around my house. And maybe I will also have time to look at my photos of the white mountains from my life in Greenland again?
